STATEMENT OF HAZARDOUS

NATURE

Supplied by:

Telephone number

Emergency telephone number

Classification according to New Zealand HSNO regulations:

N.O.S Subsidiary hazard Group Standard 2006

Wattyl (N.Z.) Limited

2-14 Patiki Road

Avondale, Auckland

09 820 6700

0800 735 551

IDENTIFICATION

Product Name

Wattyl Roofgard Antimould Prewash

Other name

Cleaner

UN Number

Not applicable

Dangerous goods class/subsidiary risk

Not applicable

Hazchem code

Not applicable

HSNO Codes

Not applicable

Packaging group

Not applicable

Use

This is a water based product designed of cleaning of roofs prior to painting

PHYSICAL PROPERTIES

Appearance

Clear liquid

Boiling range

100 – 244°C

Vapour pressure

<1kPa

Specific gravity

0.99 – 1.00

Flash point

Non flammable

Flammability limits

Not applicable

Solubility in water

Miscible

pH

8 – 10 (as supplied)

INGREDIENTS

Chemical name

CAS number

Proportion (%)

WES – TWA (mg/m³)

2-(2-butoxyethoxy)ethanol

112-34-5

5 – 10

EDTA tetrasodium salt

Not known

0 – 1

Sodium lauryl sulphate

68955-19-1

1 - 5

Ethoxylated alcohol

68131-39-5

1 - 5

Isopropyl alcohol

67-63-0

5 - 10

983

HEALTH HAZARD INFORMATION

ACUTE HEALTH EFFECTS

Swallowed

Not considered a likely route of entry. The liquid is discomforting and mildly toxic if swallowed. Ingestion may result in nausea, abdominal irritation, pain and vomiting.

Eye

The liquid is discomforting to the eyes and is capable of causing mild, temporary irritation

Skin

The vapour is mildly discomforting to the eyes.

The liquid is mildly discomforting to the skin, if exposure is prolonged it is capable of causing skin reactions.

Inhaled

The vapour/mist is mildly discomforting to the upper respiratory tract and lungs.

Chronic

Prolonged or repeated skin contact may cause drying with cracking, irritation and possible dermatitis

FIRST AID

Swallowed	If swallowed do not induce vomiting. Give water to rinse out mouth, then provide water slowly and as much as the casualty can comfortably drink. Seek medical advice.
Eye	Immediately hold eyelids apart and flush the eye continuously with running water for at least 15 minutes. Seek medical advice. Removal of Contact lenses should only be undertaken by skilled personnel.
Skin	Remove contaminated clothing. Wash contact areas with soap and water. If irritation occurs seek medical advice.
Inhaled	If difficulty in breathing is experienced, remove to fresh air. If rapid recovery does not occur, seek immediate medical advice.
First Aid facilities	Seek medical advice if irritation or discomfort persists
Notes to Physician	Treat symptomatically

PRECAUTIONS FOR USE

Exposure standards	Not applicable
Engineering controls	Use in a well ventilated area.
Personal protection	
Respirator	If spraying in an unventilated area, wearing an organic vapour respirator (Type A) , complying with AS/NZ 1715:1994 is recommended
Eye	Wear safety glasses or chemical goggles if splashing may occur
Hand	Barrier cream with polyethylene gloves or general protective gloves if desired
Clothing	Overalls
Other	Not applicable
Flammability	Not flammable under conditions of use

SAFE HANDLING INFORMATION

Storage	Store in original containers in a cool, dry, well ventilated area.
Transport	Non-hazardous
Minor spills	Contain and absorb spill with sand, earth, inert material or vermiculite. Wipe up and place in suitable labeled container for disposal. Rinse area with copious amounts of water.
Major spills	Prevent spillage from entering drains or water ways. Contain and absorb spill with sand, earth, inert material or vermiculite. Wipe up and place in suitable labeled container for disposal. Rinse area with copious amounts of water and prevent runoff into drains or waterways.
Disposal	Dispose via approved waste disposal contractors
Fire/Explosion hazard	This material is not readily combustible under normal conditions
Chemical stability	Product in stable and hazardous polymerization will not occur.
Decomposition/combustion products	Decomposes on heating and may produce carbon monoxide fumes
Extinguishing media	Use extinguishing media suitable for surrounding area
Fire incompatibility	None known
PPE in case of fire	Chemical goggles, butyl or neoprene gloves. Respirator with AK-P filter.
