## PERFORMANCE PARAMETERS

### Features

- Watty! Timberclean is bleach free
- Watty! Timberclean is caustic and alkali free
- Removes dirt, grease, mould, mildew and algae

### Constraints

- Watty! Timberclean is not intended to strip wax or coatings from surfaces

## SURFACE PREPARATION

Not applicable

## APPLICATION

**For decks:** Add 1 part Watty! Timberclean to 10 parts clean water. Apply to the deck using a garden sprayer or watering can. Lightly scrub the wetted area with a soft broom, do not allow Watty! Timberclean to dry. Rinse or hose with fresh water. Deck cleaning is best done during cool or overcast weather. In hot weather work in sections cleaning and rinsing before the cleaner dries.

**For timber furniture:** Add 1 part Watty! Timberclean to 10 parts clean water. Apply to outdoor furniture using a sponge. Lightly scrub the wetted area with a soft brush, do not allow the Watty! Timberclean to dry. Rinse or hose with fresh water. For greasy areas or hard to remove stains, add 1 part Watty! Timberclean to 2 parts clean water.

**For barbecues:** Where there are greasy areas on the timber add 1 part Watty! Timberclean to 2 parts clean water. Apply to timber using a sponge. Lightly scrub the wetted area with a soft brush, do not allow the Watty! Timberclean to dry. Rinse or hose with fresh water. For persistent greasy spots, apply Watty! Timberclean straight from the bottle. Allow it to soften the grease for a few minutes, scrub with a soft brush. Rinse or hose with fresh water.

## NOTES

Ensure timber is thoroughly dry before proceeding with staining or painting.
